

ACNE TOPICAL TREATMENT

PRODUCT DESCRIPTION

ACNE TOPICAL TREATMENT is an innovative range of products based in the innovative ingredient Phycosaccharide AC[®] contributes to sebum regulation and improves acne-prone skin.

Acne is perhaps the most common teenagers skin disease, although sometimes it appears in adults too.

- It is characterized by an inflammation of the sebaceous glands.
- Occurs when dead skin cells and oil from the skin clog hair follicles.
- Typical features of the condition include blackheads or whiteheads, pimples, oily skin, and possible scarring.

Proven effectiveness of the active ingredients. Excellent application. Visible results in 4 weeks. Dermatologically tested.

CLEANSING GEL: gentle, foaming, liquid cleansing gel, for the needs of oily, acne-prone skin. Fortifies with mild surfactants, helps to clean in depth, by removing pollutants and excess sebum without degreasing the skin. Free from SLS [Sodium Lauryl Sulfate], SLES [Sodium Laureth Sulfate], and Paraben.

REBALANCING EMULSION: moisturizing face cream, for the needs of oily, acne-prone skin. Ideal for use as a make-up base. Paraben free and clinically tested.

After 1 month* use -26.2% in skin sebum and +9.4% in skin moisturization.

URGENT CORRECTION GEL: on-the-spot application gel for spot control, with mild antiseptic action. Contributes to the reduction of the existing pimples, while inhibits the formation of new ones. Paraben free and clinically tested.

After 1 month* use -6% in skin sebum and -19.8% of the number of acneic inflammatory lesions on the face.

**Clinical study of 20 women aged 18+ with oily skin, prone to acne after 30 days of use [2 applications per day].*

ACTIVE INGREDIENTS

PHYCOSACCHARIDE AC[®][1,3] is sourced from the Brown Seaweeds *Laminaria digitata* and contributes efficiently to sebum regulation, keratolysis and skin soothing, while at the same time, inhibits microbial growth, proven with clinical studies.

SALICYLIC ACID^[1,3]: antibacterial and keratolytic action.

HYALURONIC ACID^[1,2]: provides deep hydration.

ALLANTOIN, PANTHENOL and ALOE VERA GEL^[1,2,3]: relieve from irritations, leaving skin soft and smooth.
