

AROMATIC PATCH FOR NASAL CONGESTION

PRODUCT DESCRIPTION

The **Aromatic Patch** is an adhesive dressing imbued with balsamic essences. It is used to improve breathing and relieve the discomfort caused by nasal obstruction, especially at night.

The patch is stuck directly to pyjamas or bedding near the user. Thus positioned, the external side of the patch releases the balsamic scent of Eucalyptus to widen the upper airways and thereby improve respiratory function. The duration of the balsamic effect is 6-8 hours [all night]. The patch is single use.

THE ACTIVE INGREDIENTS

Eucalyptus globulus essential oil.

INSTRUCTIONS FOR USE

- 1) Before going to bed, stick the patch to the pyjamas or bedding near the chest area.
- 2) The patch is for external use only and should not be applied directly to the skin or very close to the nose [to prevent aspirations].
- 3) Do not store the product at temperatures above 30°C, to not lose activity.
- 4) Do not use in case of known allergies to balsamic essences or in asthma patients.
