

CBD PATCH

PRODUCT DESCRIPTION

CBD patch is a topical product which helps relieve muscle/joint pain; and produces a conductive cooling effect.

CBD is used for the relief of muscle/joint pain (such as back pain, sprains, sports injuries). It has cooling and pain-relieving properties. The cooling effect, which is perceived as pleasant, provides a long-lasting pain relief.

Application areas:

For cooling muscles and joints.

For relief of pain and swelling (such as arthritis, back pain, sprains, sports injuries).

ACTIVE INGREDIENTS

CBD extract is extracted from hemp plant (Cannabis sativa) has anti-inflammatory and antioxidant properties.

INSTRUCTIONS FOR USE

CBD Pain Patch should only be used on the skin:

- Clean and dry the area for application.
- Cut the sachet and take out the patch.
- Remove the protective film from the patch and apply it to the affected area. The patch can be used once a day.

The product is for temporary use.

If there is no improvement 2-3 days after starting the treatment or if the symptoms have worsened considerably, please consult a doctor.
