

HOT PATCH

Warm effect patch

PRODUCT DESCRIPTION

HOT PATCH is a warm patch with herbal extracts that helps to relieve pains, strains, bruises and spasms. Mild joint dislocation. Rheumatoid and discomfort.

Non-woven patch with and adhesive layer with the active natural ingredients. The patch creates a warm micro-environment in which temperature and humidity are kept constant in the painful area.

ACTIVE INGREDIENTS

VAINILLA EXTRACT is an oil-soluble thermogenic agent. Once contact with skin, it exerts gentle and long-lasting thermogenic effect, including stimulating subcutaneous layers of skin, and enhancing skin temperature. The vainillyl group plays a main role in inducing the warming sensation via the nervous system. Warm effect.

ARNICA has anti-inflammatory and analgesic properties, helps regenerate tissue damaged due to contusions or lesions by improving circulation in the area. Soothing effect.

DEVIL'S CLAW [HARPAGOPHYTUM PROCUMBENS] has anti-inflammatory activity. Used in natural medicine for the symptomatic treatment of chronic osteoarthritis, back pain, and tendinitis. Soothing effect.

WILLOW BOSWELLIA CAMPHOR traditionally used to treat various chronic inflammatory diseases. Soothing effect.
