

ABSORBENT AND REUSABLE UNDERWEAR FOR MENSTRUATION

PRODUCT DESCRIPTION

ABSORBENT AND REUSABLE UNDERWEAR FOR MENSTRUATION innovative fabric technology in combination of organic cotton with a hydrophilic, hydrophobic, antibacterial, and breathable technical fabric that allows for the absorption and retention of flows, while ensuring the breathability of the genital area.

Do not itch, scratch, irritate or smell.

- Primary protection: panties can be worn alone providing absorbency for menstrual flow throughout the day. Users should change the panties when they become full to maintain hygiene and comfort. For nighttime use
- Additional daytime protection: panties can also be used as an extra layer of protection during the day, especially for women using internal menstrual products like tampons or menstrual cups.

Hypoallergenic. Cotton 100% organic. VEGAN. Durability 2 years. Machine washable.

ACTIVE INGREDIENTS

No active ingredients.

ORGANIC COTTON 100% to prevent common intimate health issues.

TECHNICAL FABRIC highly absorbent, water-repellent and antibacterial, with anti-leak treatment.

INSTRUCTIONS FOR USE

- It is essential to wash the panties before using them for the first time. This step helps to activate the absorption capacity.
- Hand or machine wash. At a maximum T of 30°C to avoid damaging the absorbent technical fabric. It is recommended to put them in a mesh laundry bag.
- Do not use fabric softener.

PRESENTATION

Different patterns and sizes.

Moderate absorption: for light to moderate flow, absorbs 7ml to 9ml of blood.

Plus absorption: for heavier flow, absorbs 12ml to 16ml of blood.
